GRANTS

We support many northeast Indiana organizations and dental clinics for efforts in dental education and dental hygiene and care opportunities to the underserved.

IKDEF is the founding supporter of **Brush**, an interdisciplinary oral health curriculum aimed at low-income children and their parents. developed by McMillen Health. **Brush** provides educational and developmental experiences that improve the school readiness of underserved children.

SCHOLARSHIPS

We are investing into the next generation of dental professionals. Each year, we offer a generous scholarship to 2 students connected to the Isaac Knapp district who are in their 3rd or 4th year of dental school.

Indiana University Fort Wayne offers dental assisting, dental hygiene, and dental laboratory technician training. The Dr. Phillip E O'Shaughnessy Scholarship offers scholarships in those programs.

DIANE VELPEL COMMUNITY PROGRAM

Originally a program of The Alliance of Isaac Knapp, this community outreach provides special funding to purchase toothbrush/paste kits to local Title 1 Schools and nonprofits.

Your generosity has contributed to over
\$500,000 given back to our community
since 1987!
